

Come Quickly

[Tommy only]

He'll wipe our tears away when dawns that final day
All mourning death and pain will fade away
And then we all will rise and meet Him in the sky
When Jesus comes and take us all away

I'm listening for the sound
When the trumpet play's it loud
I'm watching for the clouds to roll away
'Cause this day it is my hope
It's all I'm waiting for
When Jesus comes and take us all away

[singers only on cue]

Come quickly, come quickly Lord
This world is not my home don't wait anymore
