

Do It Lord

By Tommy Walker

I see Your **glory** covering the earth, Lord
Just as the waters are covering the sea
I see the millions coming to salvation
I see revival fire in the land

I see the **lost** and nameless ones remembered
I see the widows shouting out your praise
I see the friendless loved and celebrated
Orphans fulfilling, Lord, Your calling on their lives

Bridge

Do it Lord, do it Lord,
Do it Lord we are praying,
Do it Lord, do it that your glory may be seen

I see **forgiveness** overtaking hatred
Pride and prejudice now giving way to love
I see depression replaced with joy and gladness
And Satan's lies now bowing to the Truth

Bridge

Do it Lord, do it Lord,
Do it Lord we are praying,
Do it Lord, do it that your glory may be seen

Chorus

This is our prayer oh God

This is our desperate cry

In these days that we're living now

Let Your kingdom come let your will be done

I see the **brokenness** of families brought to wholeness

I see the prodigals running home to You

Father's hearts now turning toward their children

And the children's hearts turning toward their father's

I see Your **Church** rising up in power

Laying down their lives in unity and love

I hear the sounds of every tribe and nation

Giving glory to Jesus Christ the Son
