

## **Empty Hearts**

Empty hearts beat silently waiting to be reborn  
Silently they're wondering just who they're waiting for

### **Chorus**

But then unto us a child was born  
Unto us a Son was given  
Born to dwell the hearts of men  
Born to give that second chance

Ages come and ages pass, every man has fallen short  
Slaves to sin, no hope within, no love to lead them home

### **Chorus**

But then unto us a child was born  
Unto us a Son was given  
Now there's hope for the hopeless and  
Love for the unlovely  
And every hunger every need's now met in this little baby  
Jesus

### **Ending**

And His name shall be called Wonderful  
Counselor Almighty God  
Jesus
