

Find Me Faithful

By Tommy Walker

Find me faithful, ever faithful
I make this the goal of my life
Through blessings and sorrows
To the end I will follow
I make this the goal of my life

I fix my eyes on the prize
The author of my faith, my life
Help me keep looking straight ahead

And on this long and winding road
I've strayed, I've traveled on my own
It's only in surrender I can stay upon this road
That will someday lead me home
