

He Came

By Tommy Walker

He came before all time
Enthroned in perfect light
He came to earth, for us to die
He came to rise and live inside us

Chorus

So we've come, we've come to give Him praise
We've come to give our deepest thanks
We've come to give our lives as one
'Cause He came, for us He came

He came to love us first
To bring a second birth
He came to be our God and friend
He came and He will come again

He came to never leave
To heal and to redeem
He came that we could love His name
The name above all other names

Bridge

From His throne, to the earth
To the cross, back to life
Now He lives in us, He came to be with us
