

## I Love This Story

Before He put that first breath into man  
My God, He had the perfect master plan  
Good news, good news was on its way  
In our own strength we had run far away  
Empty, hopeless and oh so afraid,  
Then like the prophet said, God had made a way

### chorus

I love this story, in all of its glory  
When Jesus, He came to earth,  
Came to set the sinners free  
I love this old story 'cause now it's my  
Personal testimony  
Jesus, He died and He rose and now He  
Lives inside of me

All of hell thought death could hold Him down  
But Easter morning they all heard a sound  
They all heard Mary say the stone's been rolled away  
Now all my sins, they have been washed away  
His Spirit guides me every night and day  
Oh yes, and one more thing,  
Someday with Him I'll fly away

### bridge

Praise Him, praise Him, praise Him  
Praise the Lamb for sinners slain  
Praise Him, praise Him, praise Him  
His blood can wash away each stain
