

I'm Forgiven

By Tommy Walker

There are many things that try to keep me down
Heartache and trouble seem to always be around
But there's one thing, oh how it brings me hope today
Amidst life's trials I can always stand and say

Chorus

I'm forgiven, set free
Forgiven, made clean
Fresh new mercies washing over me
Thank You Lord, You made a way for me, [yeah]

When we confess our sins, He's faithful to forgive
His blood can cover up the vilest of sins
Oh what a Savior, what a God we serve today
The one who took our place so we can shout and say

Bridge

Thank You for Your cross
Thank You for Your blood
Thank You for Your grace
Thank You for Your love
I'm so thankful Lord, for all You've done for me
I just have to shout and sing
