

Nearer

By Tommy Walker

There is a place, a place that's safe
Here in Your presence Lord
There is a place where fears fade away
Here in Your presence Lord

Chorus

So we draw nearer, nearer, nearer, nearer
Lord, nearer to Your throne

There is a place, a place of hope
Here in Your presence Lord
Where sorrows, they fade
And dreams are remade
Here in Your presence Lord

There is a place, a place of grace
Here in Your presence Lord
Where sin and all shame
They are taken away
Here in Your presence Lord
