

PRAY FOR EACH OTHER

I am prayin' for you, brother
I bow my knee on your behalf
I speak your name to our God in heaven
That He might grant you grace and favor
And no matter whatever comes your way
Any dark, dark night or gloomy day
I promise to pray for you, brother
Lift your name before the Father

Chorus

'Cause when we pray for each other
He takes away the hate
When we pray for each other
We can share each other's pain
When we pray for each other
There's a supernatural love
When we pray for each other
Our hearts become as one

I am prayin' for you, sister
I bow my knee on your behalf
I'll keep believin' that what He's started in you
Will be completed 'till this life is finally through
And as we share in His grace and watch His Mighty
hand move those mountains in our lives
And see His promises stand
I promise to pray for you, sister
Lift your name before the Father
